

The Newfoundland and Labrador Education Foundation Inc. is pleased to announce the successful applicants for the 2019-2020 Scholarship Awards Program. This year, it was recognized that as a result of the global pandemic, more young people were impacted. The Education Foundation was pleased to make special allowances and extend opportunities to 50 students, almost doubling the monies provided to students pursuing post-secondary studies. Each student will receive a \$1,000 scholarship to put towards university, public or private college or accredited trades college studies. Scholarships were awarded based on academic success, demonstrated leadership, and involvement within the school community.

The Education Foundation is a registered charitable organization committed to enhancing the educational experience of students in the Newfoundland and Labrador English School District whose primary purpose is to raise and allocate funding for scholarships and student-supportive initiatives.

The Education Foundation congratulates the following recipients and wishes them well in their future pursuits.
