### Year-end Summary of Progress. What evidence do you have to support this progress?

Since this is the first year of our new SDP, we have no data to report on the progress of the 2020-2021 school year. However, below are a list of the objectives for the 2021-2022 school year. These will be reexamined in September 2021 while we review this year's data.

Physical Health – Communicate with families about appropriate physical activities and socially appropriate behaviors.

Mental Wellness – Develop initiatives that focus on student involvement, engagement and mental health resiliency.

Social Emotional Learning – Promote self-awareness, self-management, social awareness, and responsible decision making.

### Next Steps...
